

Beckenham and West Wickham Model Railway Club

Established 1950

*Are you interested in model railways or transport?
Do need some advice or want to learn more?
If so, then why not join us?*

If you would like to find out more, please contact the membership secretary, Philip Godfrey. You can arrange to attend some meetings to see for yourself what we do and meet some of our members - you should find some interesting people to discuss trains with. Members come from all backgrounds from accountants to railway engineers and all ages from 8 to over 80.

Experience is not needed - all we ask is that you have an interest in railways and are prepared to help the club meet its objectives by helping with a layout or at the occasional exhibition. Whether you wish to get involved in complex railway modelling or just playing with trains, you will be very welcome.

The club is also a great opportunity to learn more about model railways and learn from some of the more experienced members who will be happy to show you how things are done.

WELCOME TO MODEL RAILSHOW 2012

The Club's Annual Exhibition at St John Church is a major event in the club's programme and you are very welcome whether you are a regular attendee or a new visitor. Our Exhibition Manager, Mike Kennedy has put together a selection of layouts and stands to provide something of interest whether you are involved in the hobby or a member of the general public.

If you find your visit to the exhibition has sparked a latent interest in the model railway please ask one of the exhibition stewards for details of the club and come along one evening to find out more.

The success of an event such as this requires a considerable work by the club members and I would like to take this opportunity to thank them on your behalf for their hard work not just over the period of this weekend but throughout the year in preparing the home layouts on show and the other matters of general administration.

Thank you for your support; we look forward to seeing you again next year.

Greg Marshall
Chairman

It is our pleasure to welcome you at our annual exhibition. If this is your first time visit, then you may wish to look at the plan on the centre pages. We welcome your views, so please ask a Steward to point me out. Enjoy the show!
